

VIP-Universal Swivel VUW 28

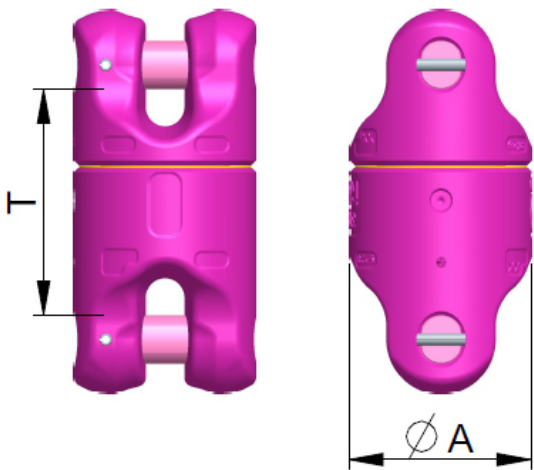

Artikel-Nr: 7903435

With a ball bearing which enables swiveling under load. Connecting bolt and tensioning sleeve are pre- assembled. The BGR 500/DGUV-Regel 100-500 stipulates that slings never be used while in a twisted condition. This requirement is automatically met by the VUW because of the integrated ball bearing.

VIP-Universal Swivel VUW 28
